### *Drug Epidemics are Nothing New*

According to the Foundation for a Drug Free World, Substance Abuse treatment Admissions tripled in 1996 due to Methamphetamine Dependence

*Meanwhile.* 4.5% of American High School Seniors and 4.1% of tenth graders reported to have used Methamphetamine as late as 2007.

## A Standardized Treatment Calendar

Another important innovation that the ADOC is implemented in January 2017 was a standardized treatment calendar. Telling at a glance where an individual is in relation to their individual treatment program.

<i>January</i>						
Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
				1	2	3
4	5	6	7	8	9	10
11	12	13	14	15	16	17
